

Athletics and Marching Band for Physical Education Credit

Participation and completion of a PIAA sport or Marching Band season at the High School level (grades 9-12) will count as .25 PE credit per season. The maximum allowance of credit per year is .5 credit. The maximum allowance for any one sport or Marching Band will be .5 credit. Only credit obtained through a PE course taken at the PAHS will apply to a student's GPA (Grade Point Average).

Students are expected to join the team at the start of the given sport/band season and must remain on the team for the full season. Students will be required to follow all team expectations, including attendance procedures and the athletic code of conduct that is expected of all PAHS athletes. **If a student wishes to discontinue their participation on any given athletic team or marching band, they will be required to satisfy their physical education requirement by enrolling in a course or they will be permitted to join another team during a new season.**

Daily attendance will be taken by the coach/director to ensure that each athlete/band member who has elected to participate in their given activity for credit is meeting the attendance procedures that were established. At the end of the season, each coach will submit an attendance form for each athlete, as well as indicate if the student completed the entire season to the guidance office.

To be eligible to receive credit for physical education through the participation and completion of a sport or marching band, this form must be completed and turned into the Guidance Office by the following dates:

**Fall Sports: September 5, 2014
Winter Sports: December 5, 2014
